Overview

Key Features

Each glove in the Junk Yard Dog series features DuPont KEVLAR brand fiber construction which offers cut and heat resistance - KEVLAR fiber will not degrade in temperatures up to 900°F (400° C). Premium leather palm provides solid abrasion & puncture resistance and added durability and improved grip in wet and oily applications. For the toughest jobs, Top Dog features Kevlar blended with a stainless steel strand for optimal cut and abrasion resistance.

Warranty Information

Honeywell warrants that its protective gloves are free from defects in material and workmanship. This limited warranty does not cover any product or component found to have been altered, misused, abused, tampered with or improperly maintained or to have deteriorated due to aging of any component made of rubber or any other elastomer. The limited warranty does not cover any damage, loss or expense due to damage caused by accident, abuse, improper maintenance, use or misuse of the product.
