Additional Information

DMAK-0201 (1007972) includes a spray gun hose assembly.

Overview

Key Features

Honeywell Supplied Air Respirators are the proven safety solution when you need clean, compressed air from a source outside the contaminated area. Air passes through an airline to the face piece or hood, with the continuous flow creating increased pressure inside. This pressure cools the users face and reduces fogging, a common problem in many working situations.

Recommended Industries/Use

Airvisor SAR (AS NZS)

Hazards • Agriculture • Chemical • Government • Law Enforcement • Manufacturing • Pharmaceutical
• Utilities
• Airborne Particulates • Confined Space • Contamination • Gas, Vapors, Smoke

Regulations

- Certified to AS/NZS 1716:2012 License No:1481

Historical Brand

Willson

Specifications

Visor

- 1007972) & 1007985 - Acetate, 1007973- Polycarbonate

Weight

- 1.3kg (1007985 & 1007973), 1.6kg (1007972)
